

Annabelle was mad. Furious, in fact. As she walked, she imagined her feet leaving deep craters in the ground with every step she took. She had never been quite so angry in all her life. It had all started three days ago.

Three days ago, “ Come on Anna, let's go to a fancy restaurant, you have plenty of cash right?” , said her friend Sarah.

“Yup, I have plenty of cash, my mom gave me 1000 bucks for my birthday!” Anna and her friend went to a fancy restaurant in the luxury town. They went inside and started to dine in.

“What would you like to order Sarah?” , replied Anna. Sarah started to look at the expensive dishes on the menu...

“ I would like to order the golden steak, with lemonade please.” replied Sarah

“ But Sarah, the golden steak is 1100 dollars with edible gold flakes!” exclaimed Anna, “ Why order a dish which is 1100 dollars? I thought we could go to Mcdonalds, and spend a good 10 bucks, and go to the mall!”

“I choose to come to a fancy restaurant, because I want to enjoy some fancy dish for 50 bucks, or less.”

ce, but why spend it in the mall, rather than expensive food!”

“ I thought you said your mom gave 1000 bucks?, and I thought the 1000 bucks was for eating in a fancy restaurant!” told Sarah, “ Mcdonalds is a good choi

“ No, Sarah! This is my money, and I can spend it on whatever I want!” shouted Anna. “ You know what, you can go buy your steak with your own money, I am going with another friend.

This is how Anna’s and Sarah’s story started, it didn’t just end, it went big.

The next day Anna blocked Sarah's phone number, all social profiles, etc. Not just this, Anna stopped her brother playing with Sarah’s brother. Anna became so raged, she didn’t know what to do. On the other hand... Sarah felt guilty about what she did.
